

**VESTRA WEALTH AWARDED 'BEST WEALTH MANAGER FOR GROWTH PORTFOLIOS (UK)' AT  
INAUGURAL WEALTH ADVISER AWARDS**

**London, Monday 25 March 2013:** Vestra Wealth was awarded 'Best Wealth Manager for Growth Portfolios (UK)' at the inaugural Wealth Adviser Awards, held on Friday 22<sup>nd</sup> March.

The Wealth Adviser awards were created to bring together the leading names in global wealth management to celebrate the achievements of the best performing managers, advisers and service providers in 2012. The awards are voted for by peers in the industry who elect a 'best in class' in a series of categories.

Sunil Gopalan, Publisher, Wealth Adviser and Chairman of its parent company, GFM Limited says: "With 2013 starting positively for many wealth management sectors, the industry is reaping the benefits of responding throughout a tough 2012 to growing regulatory demands, such as the new RDR regime in the UK and the USA's demanding FATCA regulations, while focusing on generating results for investors. The awards were determined by the votes of Wealth Adviser's 15,000 subscribers around the world, who include leading private banks, family offices, IFAs, trust companies, wealth managers, fund managers and other industry professionals at legal, taxation, accounting firms and technology providers."

David Scott, Senior Partner at Vestra Wealth says: "We are delighted to win this prestigious award which recognizes the effort we have put into building long term partnerships with the IFA community."
